Mr. Bruce C. Clarke, Jr.  
Director, Office of Strategic Research  
Central Intelligence Agency  
Washington, D. C. 20505

Dear Bruce

I am forwarding as an enclosure a recent DIA assessment of "Warsaw Pact Capabilities in Central Europe After the Czech Crisis", in the hope that it will be of use to your office in any future studies of Soviet capabilities in Central Europe.

You will note that the analysis in our paper differs in several respects from the conclusions presented in your recent Intelligence Memorandum [redacted]. I would stress, therefore, that the enclosure represents an informal DIA assessment at the analyst level, and does not reflect an official DIA viewpoint.

Sincerely,

George H. Fiske
